I only had the privilege of knowing Betty professional, but I love the visit we had. Her smile and sense of humor. I always enjoyed when she bought her students to St Anthony. RIP Ms Betty

I was a fellow employee of Betty's at Francis Tuttle for many years. I saw Betty most mornings as she planned her work and got organized for the day. She was a positive person who saw the best in every situation and every person. She made the best of any situation and was humble. She had a pleasant smile and was friendly to everybody. She was always willing to help others and did so gracefully. I am glad she no longer suffers, but I will miss her. May she rest in peace! Pat Brown

“ *I worked with Betty in the Quality Assurance Dept. at B&B Medical Services. She performed behind the scenes data collection from her home office-consequently I never met Betty in person. However, I communicated with her on the phone and/or via e-mail on a regular basis. She was always pleasant, helpful, professional, and completed her reports in a timely fashion. One could tell she was a delightful person simply through those interactions. I will miss her.*

“ *Betty will be missed by so many: she has touched so many students, so many friends, but also so many of us who worked with her. Her gentle demeanor and endless selflessness with charity towards others has been inspirational. My sympathy to the family.*

“ *Our words are inadequate to fully reflect on Betty's life and her impact on others at St. Andrew's and elsewhere. She was cheerful and a joy to engage every Sunday morning. She is one of the Saints who has run the good race.*

God bless you Betty Fisher.

“ I worked with Betty over her span of time here at Francis Tuttle Technology Center. Betty was one of the hardest working, behind-the-scenes individuals I have had the honor to know over the years. She was happy to assume the jobs others sometimes didn't want to do, and never complained! I cannot recall how many times Betty served as President or other leadership roles in the Oklahoma Society for Respiratory Care. She was a steady and faithful soul, cheerfully helping anyone who needed her help.

I always looked forward to the neat and unique little gifts Betty would give to me at Christmas time--I wore out the coolest, magnetic badge holder and whenever I look at the SmartStand cellphone holder sitting on my desk, I am reminded of Betty's sweet face!

I never made it down to hear the bell choir at St. Andrew's church, but it was fun listening to Betty tell about her learning curve and their performances. She loved her church family and it was apparent that the folks at St. Andrews benefited from her many talents, of cooking, bell choir and helping with the media stuff each week. I'm sure there were other jobs she pitched in to help because that was just Betty's nature.

It was an honor to have know Betty and worked with her. She worked tirelessly to help enrich and mentor the lives of others. God's love and grace were reflected in her service to others. You'll be missed, but never forgotten! I know you're up there playing in that big Celestial Bell Choir in the sky!

*Until we meet again, my friend!

“ I was blessed with the opportunity to work with Betty for many years. We enjoyed working the HOSA Competition (a skills competition for the health students) together. We had many laughs during the planning stage and the day of the competition.

Betty was one of the most delightful people I have ever known. She was a very generous and loving lady. I will miss her dearly. She had a beautiful smile and heartwarming laugh.

“ Betty was such an amazing advocate for a very noble profession. She helped me through some difficult personal days while teaching me how to be a respiratory therapist and counseling a lost young woman. There was never a more kind and special instructor and friend. Betty, I can't imagine a respiratory class without your brilliant insight and deep compassion. You were truly fabulous person and you will be deeply missed.

“ *Thank you Betty for all the contributions you made for ALL respiratory therapist in the state of Oklahoma. We all owe you a debt of gratitude for teaching us, leading us through the Oklahoma State Society for Respiratory, and serving on the Oklahoma licensure board. You were very special to a lot of therapist. You will be sorely missed.*
