“*Oh my goodness where to begin, I am heartbroken and still can't believe your gone, we have so many memories over our years, from us meeting over 30 years ago today vacations and hunting trips and parties and just great family time. He loved with his whole heart and was always smiling. We will miss our times and you so much. He lived his family and boasted about his kids all the time, one proud dad and papaw. We are better people to have known you and had you in our lives. Fly high my friend, we will miss your sweet smile and infectious laugh, until we meet again 🥺💔❤️*”
