“ *Growing up as kids, I remember going to Randy's house as a young kid. The best story I have was he was toting me on his handle bars of his bike down a hill by his house when he loss control. We both fill off and proceeded down the hill with me on the bottom and Randy on my back. Needless to say i was pretty skinned up. A few years after we graduated I ended up working with Randy for about a year while he was at Poe Steel Erections.*

Randy camped many years at LITTLE LUSK TRAIL LODGE in Pope County, Southern Illinois.. Randy was a (Friend) but seemed like a son to Lonnie & Peggy Barger.. he had a heart of gold.. always helping us at the camp ground.. One prank he did was to another camper.. He got up early that Sunday morning.. picked some morel mushrooms.. put toothpicks in the bottom of them then stuck the toothpick in the ground..between landscape stones around a friends camper..when the friends got up that morning..they believed the mushrooms had grew in their rocks... Randy & the other campers had a great big laugh RIP RANDY...
