“ *I knew and worked with Bob Theim for most if not all of his 46 years at Denton Construction. He and his crew were responsible for hundreds of miles of road constructed to the highest standards. many records and inovations. His Hustling Hoosiers set many world production records. 13965 lineal feet of two lane road built in one day, July 20, 1970 still stands as a world record. He was a great man with a great smile. I am sad that I am unable to attend the service. Ed Denton*
