“ *Dennis was a really good friend of mine for over 50 years. He use to do grain elevator repair for my family down at Griffin grain elevator for several years. He was the very best welder and repair working up high. I always respected his talent and real Skill for being able to do that. He had absolutely no fear of heights. Unlike myself. He was the man when it came to his trade. Dennis would save you thousands over hiring a crane for high work. Always ran around with Dennis. Shot pool and enjoyed his friendship all my life. My very Sincere Condolences to all his family. So sorry for your loss. Sincerely Tim White.*
